Paralympic Sports Programs

18th Annual Motor Sports Day and National Wheelchair Drags at Bandimere Speedway. Thursday, August 26th, 3-9 pm

This year we will be hosting the annual Motor Sports Day at Bandimere Speedway. This is in response to the overwhelming popularity of the show the past 17 years. Thank you to all that have made the past 17 years a huge success. Now is time to make this show bigger, better and more exciting.

For the first time, this years car show will benefit the Paralympic Sports Program at Craig Hospital. This program makes a variety of sports and athletic programs available for people with physical disabilities. All proceeds from this event will go to helping insure that these programs are always available. Participants include children with born physical impairments, people that suffer a life altering injury and men and women from our service organizations injured in war.

We look forward to seeing you all out at Bandimere Speedway this year for what promises to be the most exciting Motor Sports Day to date.
